▼ Keeping You Safe & Legal Handbook

This handbook provides you with an overview of five key knowledge areas that will support you in your volunteering with Royal Voluntary Service. We want you to feel confident, competent and safe in your volunteering role. We also need to comply with laws that are there to protect you and the people you support.

A learning pathway is a carefully constructed route through your training programme

A Learning Path will provide several courses focused around a larger topic

Learning pathway is described as the chosen route taken by a learner through a range of (commonly) e-learning activities

Not 'true' pathways

Listen to CLC – Don't go rogue

Double the work with updates & maintenance

What we hoped would improve user experience,
added levels of complexity

WHAT DO WE NEED?

Move balance away from information giving towards skills development

1. Managers to take responsibility for their own learning
2. Individualised development routes
3. Some content may be mandatory dependant on role
4. Supported by Line Managers and support functions (HR, L&D & Volunteering)
5. Performance management is an everyday activity

Provide a modular, blended programme which is flexible

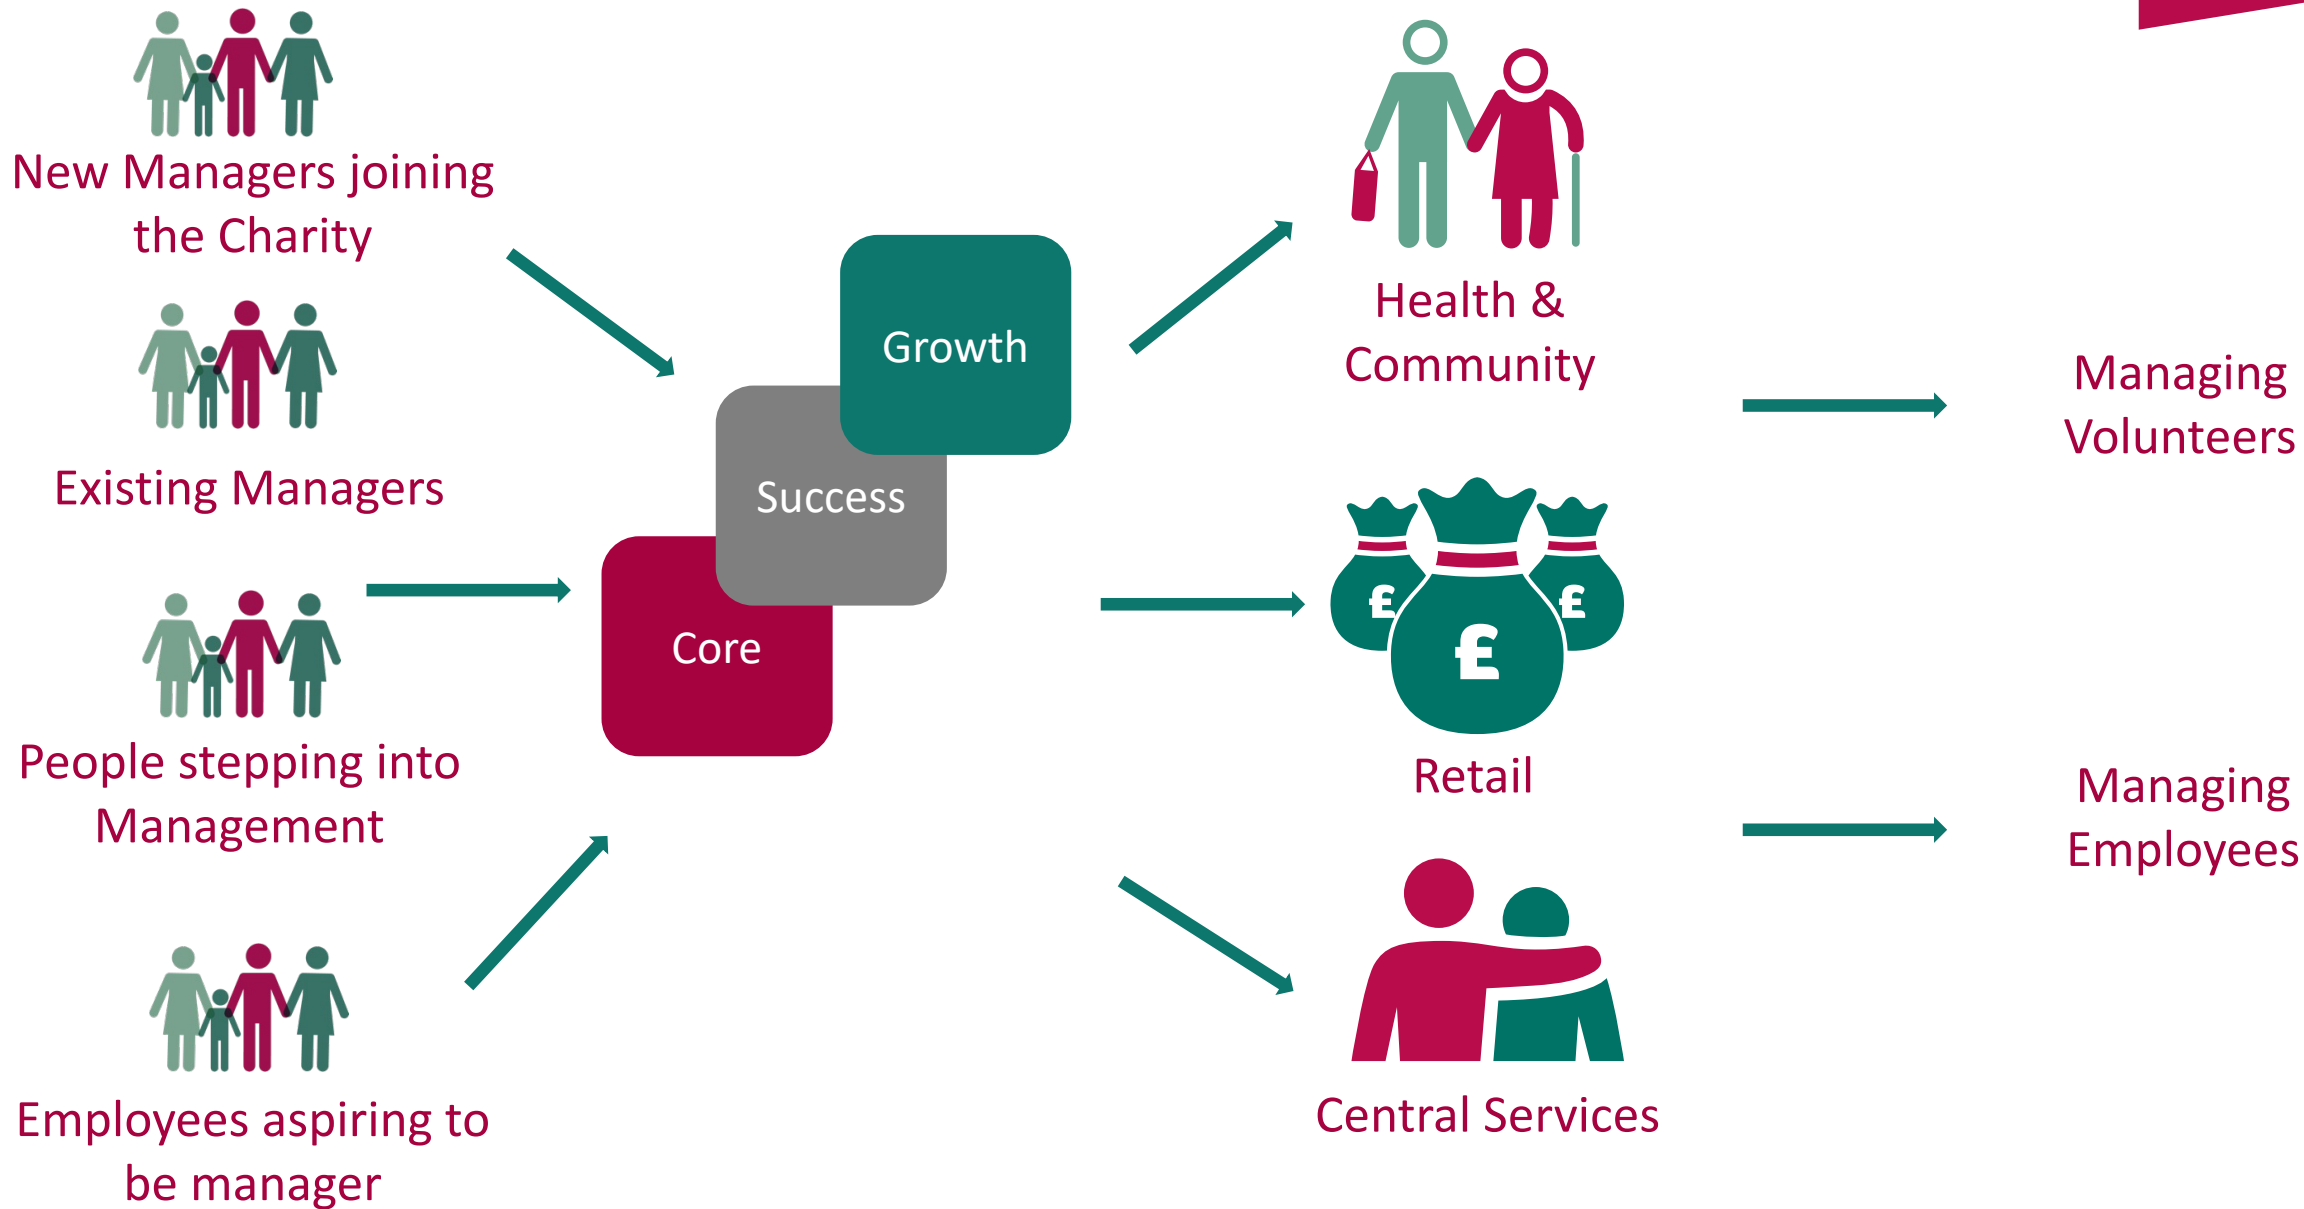

1. 70:20:20 model
2. Varied learning activities
 - a) Online
 - b) Virtual classrooms
 - c) Traditional classrooms
 - d) Self led learning
 - e) On job learning
 - f) Shadowing/Mentoring

Meets the needs of managers at different stages of development

1. **Core** - Essential training to care & protect you, your team and Royal Voluntary Service
2. **Success** - Optional training activity that will enable you to be more confident and competent in your role
3. **Growth** - Optional training activity that will enable you to build your skills, reach your potential and support charity sustainability
